**Do You Want to Learn Golf**  
**For Your Business?**

**It Doesn't Always Matter How Well You Play.**  
**But It ALWAYS Matters That You Play Well.**

Do you want to use Golf with your business to connect with colleagues or clients? You need to be able to handle a variety of practical situations as well as personalities while on the golf course. Honesty, integrity sportsmanship, dedication, extra effort and persistence can take you miles down the road in golf and in business but you need to know how to play. If you don't know what you're doing on the course it can impact much more than just your game.

Connect with others by inviting colleagues or clients to your Club. We'll have fun learning the game in a casual, social atmosphere. If you haven't joined in because you don't know Golf or how to present yourself on the course, Happy Hour is a great place to begin!
