Weather Cancellations – If league play is cancelled due to weather, an email will be sent out and it will be posted on the website. If you decide you don't like the weather and are not going to play, you must follow the cancellation policy listed above.

Wednesday Routine – Most play days will begin with a Shotgun start. Please be ready to go 15 minutes before the start time. This means we would like you in your cart and ready to drive to your starting hole, 15 minutes before the shotgun start. Be sure you are checked in, you've contributed to the Closest to Pin envelope, and you've completed your lunch order form accurately.

Pace of Play – Pace of Play is an important factor in the game of golf. It is our goal to complete our rounds in 4 hours and 15 minutes. Each group will have a Pace Captain. It will be their responsibility to insure the group is keeping up with the group in front of them. Please do your part to keep up the pace. Don't make them be the bad guy.

Keeping Score – Each week the cart will have the weekly game instructions and score cards. Please be sure to exchange cards with the other cart in your foursome. It is also recommend that each cart keep a Master score card to resolve any questions that may arise. In order to qualify for the weekly game winnings, you must complete the Weekly Game Score Sheet. If you cannot stay, please have someone in your group complete the Weekly Game Score Sheet with your scores.

After the Round – Complete the scorecards and drop your stuff at your car as quickly as possible. Remember, lunch is probably waiting for you. The goal is to have the group finish as close together as possible. It's fun to come in after the round and chat with everyone that played that day.
